

Scattering splendors afar...

**"Come, Thou, bread of angels and satisfy
the cravings of my soul..." - St Leonard of Port Maurice**

**"Mass is the sun of the human race,
scattering its splendors over good and wicked;
nor is there a soul so vile on earth who,
hearing holy Mass, doth not carry from it
some great good, often without asking,
often without even thinking of it."**

*According to **St Leonard of Port Maurice** these benefits apply
to the priests who celebrate Mass, to the acolytes who serve the Mass,
and to the faithful who hear Mass with devotion.
So too hardened sinners will benefit from attending Mass.*
